# Sweater Time Is Here

The sweater today assumes a definite place in women's dress as a garment of beauty and utility. From the simple little sleeveless slip-on, to the heavier wool sweaters in coat styles or the many new effects in slip-overs in various weaves, one will find many attractive colorings to select from. Among the novel sweaters are pretty models in slip-overs, some show the flare bottom and wide, deep cuffs—others have collar, cuffs and bottom crocheted in fancy weaves, with button fastening at the neck—others are laced with pretty lacing.

Among the coat sweaters are plain colors, and others show collar, cuff and possibly buttons of another pretty color. See the new models and select the one best suited to you.

## A PRETTY SLIP-OVER AT \$2.50

Is in a Shetland weave, in two styles, both sleeveless, one collarless, the other with sailor collar. Shown in such shades as salmon, turquoise and Kelly green.

## A SPLENDID SWEATER FOR BOYS AT \$1.50

This is in grey only, and a sweater that will give excellent service. Sizes to fit boys from 6 to 14 years of age.

## FOR GIRLS—THE \$4.95 SWEATER

Will make a serviceable sweater for school wear. Sizes are for 4 to 14 years. Colors, white, grey and red, in numerous styles. Some show belts all around, others belt across back.

## THE INFANT'S SWEATER AT 98c

Will fit little ones from 1 to 3 years of age. Colors are red, grey, white, rose and Copen.

## TO THOSE WHO CROCHET OR KNIT

The new Fall yarns are all here, in all the beautiful shades for sweaters, tams, hats, scarfs, shawls, infant's and baby articles.

The new art silk—beather yarn and Germantown yarn are especially desirable for the various garments.

## FREE—TOMORROW GOLDEN FLEECE YARN INSTRUCTION BOOKS

Will be given to all customers who inquire for them at the yarn counter. These are very instructive giving many new stitches in both crochet and knitting explaining many styles in sweaters, children's wear, infants' and babies articles, tams, hats, scarfs, etc.

Ask for a copy of the book that will give you instructions on how to make what you are interested in. It's free for the asking.

# H. S. COURSE TO OPEN ON OCT. 24

Well Varied Program Is Arranged For Season—Tickets Are Now On Sale at High School.

The Newark high school lecture course will open Friday evening, October 24, with the appearance of Mark Sullivan, journalist, who has won prominence because of his political writing for Colliers and his reports of the peace conference. The course includes seven numbers. The entertainment is well varied, presenting lectures on serious topics, good music and comedy with humorous lectures by Herbert L. Cope. The full course is described in the following announcement given out today by H. L. Moninger, of the high school faculty who is in charge of the course.

No man in America has had a wider opportunity to know the political life of his generation than has Mark Sullivan. As Washington correspondent and editor of Collier's he has had this tinger on the pulse of the nation. He reported the peace conference and was one of the group of American journalists invited to England and France to make a special study of these nations in action during the war. He is one of the best informed and clearest writers on political topics in America today.

November 18, Davies Light Opera Co. This company consists of a group of eight artists headed by the popular tenor Harry Davies. Mr. Davies has made 3500 appearances in 35 different operatic roles. In organizing this company and in bringing his mature art to the task of presenting light opera in the finest manner on the lyricum platform, Mr. Davies is performing a real service. Wherever the company has appeared during the past three years, it has received hearty appreciation.

The Orpheus Four appeared on the course last year and needs no introduction to the people of Newark. The musicians will receive the same welcome given to them last year.

Frank Bohn, publicist, world traveler, and lecturer, will speak on "Revolutionary Europe," a most timely topic and one which he speaks from a great fund of information secured at first hand. "The Bolshevism of today is quite the contrary of what it was," says Dr. Bohn. Both govern without the consent of the people. The Russia which is starving and dying under Sovietism is the same Russia psychologically which tolled and slaved under Czarism. The people cannot put institutions and race manners on and off like clothes.

Newell Bellharz who has had 18 years of most successful experiences and who is one of the leading entertainers of American platform will present The Music Master.

Miss Ida Tarbell is a world famous woman publicist. She will interpret the peace conference and the problems of labor and capital growing out of the war, through the eyes of the woman. The best known of Miss Tarbell's books are: "Short Life of Napoleon Bonaparte," "Life of Madame Roland," "Early Life of Abraham Lincoln." History of the Standard Oil company and she is a very interesting speaker.

Herbert Leon Cope during the war spoke to more American men in uniform than any other man of the nation. So great was Cope's influence in the America camps that drill was suspended when he was to speak. The boys called him "Kill the Blues Cope."

Cope is the funniest man since Bill Nye. The above eight numbers make up the course for this year. The cost of season tickets is \$1.00, reservation 25c to school children and 50c to the public. The reservation will take place at the high school auditorium at 8 a. m. Saturday, October 18. The drawing of numbers for place in reservation will be from 7 to 8. Phone order for tickets will be received at the high school.

# JUNIORS NOMINATE MEMBERS FOR OFFICES

A meeting of the Junior class was held Tuesday for the purpose of nominating officers. Orville Burke was nominated temporary chairman and Hunter Kellenberger was nominated temporary secretary. Mr. Moninger gave a short talk impressing upon them the importance of capable officers. Mr. Moninger mentioned three essentials which every officer should have, good scholarship, ability to lead, and an even temper. Following are the nominations: For president, Orville Burke, Charles Allen, John Africa, Ruth Rogers; for vice president, Hunter Kellenberger, Esther Tucker, Emelyn Close; for secretary, Dorothy Dewey, Virginia Brown, Mary Allison, William Russell, Janice Burdick; for treasurer, Carl Andrews, Frederick Babbs, Howard Workman, Paul Keeley, John Fitzgibbon, Aileen Martin, Katherine McMillen.

The class will meet again in two weeks for the election of officers.

# HOOVER URGES HIGHER PAY FOR COLLEGE MEN

San Francisco, Oct. 2.—Warning that unless better pay is forthcoming for teachers in American colleges the nation will be face to face with a dangerous radicalism from the centers of higher education was voiced by Herbert Hoover, former federal food administrator in an address before the Harvard club of California at a dinner here.

"Out of the war and misery of the war has arisen a silhouette of class distinction and class hatred that is not to be obliterated with a few words," Mr. Hoover said.

"The development of radicalism in Europe during the last 12 months is beyond anything in history. America is a fertile field and responds quickly to any wind that may blow. This European wind of radicalism is sweeping our way and it is affecting us."

# OHIO PROSECUTORS TO AID FIGHT ON H. C. L.

Columbus, Oct. 2.—All prosecuting attorneys and mayors of Ohio are to be marshalled for a fight on the high cost of living, according to special dispatches to Columbus newspapers from Washington.

Arrangements for the campaign, the dispatches state, were made at a conference at the department of justice in which Attorney General Price of Ohio was a participant. Attorney General Palmer is the prime mover in a campaign to state radicalism in Ohio which is to start the ball rolling.

At the suggestion of United States attorney general, Governor Cox will be asked by Attorney General Price to call a meeting of all prosecuting attorneys and mayors in Ohio to take place in Columbus within the next two or three weeks.

# CHRISTIAN CHURCHES ELECT NEW OFFICERS

Alliance, Oct. 18.—The Mt. Vernon Conference of the Christian Church closed Monday at Westville after selecting Coshonack as the next meeting place. The conference elected these officers: President, Rev. R. H. Long, Centerville; vice president, Rev. Joseph Ehrhart, Ambridge, Pa.; secretary, Rev. H. Russell Clem, Springfield, financial secretary, Rev. R. H. Peters, Johnstown, Pa.; mission secretary, W. A. Shuff, Union; secretary of education, Mrs. R. H. Long, Centerville; secretary of publication, Rev. Clyde Stout, Johnstown, Pa.; secretary of Sunday schools, Miss Minnie Lohr, Mt. Vernon; secretary of relief, Rev. J. McArter, New Waterford.

# TAKE DAYTON SALOONISTS BEFORE VILLAGE COURT

Dayton, Oct. 2.—Nine Dayton cafe proprietors were arrested here yesterday by Waldo Reher, marshal of the village of West Carrollton, on warrants signed by J. V. Miles, local anti-saloon league superintendent, on warrants charging the keeping of places where intoxicating liquor is sold. They were to be arraigned today before Mayor C. H. Bloss of West Carrollton. Anti-saloon officials say the arrests were the first of a vigorous campaign against illegal booze selling.

**EXHIBITS MCGUFFY READERS.** Youngstown, Oct. 2.—An exhibition of the McGuffey readers which the older generation used in "the little red school house" was opened here yesterday at the Youngstown library. The readers, edited by the late William Holmes McGuffey of Youngstown, date back to 1844.

# New Furs For Fall Prices Moderate

YOU WANT TO SEE WHAT IS INTRODUCED IN THE NEW FURS FOR FALL. A visit here will quickly show you, as we have just unpacked a large shipment of brand new furs. It has been no simple matter to bring together such a collection of furs—the ordinary difficulty of selecting acceptable fashions has been complicated by the scarcity of pelts and a high price level. Notwithstanding this we were fortunate in securing our fur stocks months ago when prices were much lower than at present; therefore you have the rich furs in ultra smart fashions to choose from without the advance prices.

# HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

# WHY THIS DELICIOUS CANDY BEATS ALL MEDICINES

You can throw away most medicines by banishing constipation. An easy and pleasant way to do this has been discovered in Partola Peppermint Candy Tablets. They taste like the finest candy you ever tried. Partola Tablets—"The Doctor in Candy Form"—are delicious little tablets of peppermint flavor without the slightest taste of medicine. They are a mild, easy-to-eat, pleasant but thoroughly effective laxative and leave no harsh or weakening effects. Partola Tablets keep the bowels clear and the liver active; help purify the blood; drive away that "tired feeling" and make you feel like a new person. They are good for young and old alike; children ask for them and grown-ups learn what real health is through their use.

These tasty, appetizing and antiseptic mint laxative tablets should be kept in every home at all times. Try two tonight before retiring and see how much better and full of "pep" and life you will be tomorrow. At all druggists. 25c, 50c or \$1.00 boxes. Trial size, 10c.

**NOTICE OF ELECTION.** Notice is hereby given under Section 6326-2 of the General Code of Ohio by the County Commissioners of Licking County, Ohio, that on Tuesday, the 4th day of November, A. D. 1919, at the polls of all precincts of said county and within the regular voting hours, there will be submitted to the electors of said county the question of exempting from all tax limitations the levy of two mills provided by Section 6326 of the General Code for the purpose of paying such county's proportion of the compensation, damages, costs and expenses of constructing, reconstructing, maintaining and repairing county roads, such exemptions to continue for the term of ten years.

# GETS BIG EASTERN ORDER FOR CIGARS

## Simpson Cigar Company Needs More Help To Handle Contract For Several Million Smokes.

Orders for cigars totaling three or four millions have been received from eastern representatives within the last few days by the Simpson Cigar company of Newark and with the other business received from western and southern points, the company has sent out an "S. O. S." call for more help. All these new orders are for high grade cigars, not stogies, and it is not only a recognition of the quality of the Simpson product, but an indication of the demand for Newark-made smokes. The company is handicapped in filling the order by a lack of help and a renewed effort is being made to recruit the force to handle the ever-increasing business.

The company is in need of a large number of high-grade cigar rollers and extra inducements are offered in its advertisement found in another column of the Advocate. Mr. Simpson, president of the company, declared that his cigarmakers were able to make \$3 to \$5 a week more than in any other factory in the city.

The help problem had reached such a point, Simpson said, that unless conditions changed soon the company might find it necessary to seek another location.

# SOX FOUND RED HURLER

Ball two. Ball three. Dakota, called up. Rath died to Felsch. No runs. No hits. No errors.

Weather conditions were ideal for the seventh world series game this afternoon between the Reds and White Sox.

At 1 o'clock Chairman Herrmann of the National commission issued a statement that he was sorry but that he had no doubts about today's crowd exceeding 15,000 people. He said: "It is impossible to handle such a large sale of tickets over night. I do not think the attendance will be more than 15,000."

The Reds put in appearance at 12:30 p. m. earlier than usual and displayed considerable "pep" both in the field and at the bat. Gerner and Kling served up balls to the batters. The crowd began pouring into the bleachers at this time but the pavilions were very slow in filling.

Sallee took his place in the regular batting practice while Ruether also took winks at the offerings of Rine. The assignments of umpires follow: Quigley, plate; Nallin, first; Rigler, second; Evans, third.

The Chicago players appeared at 1 o'clock and began to swing the ball back and forth in front of their bench. The Sox took the field for practice at 1:15 p. m. and Cicotte took his place in the batting order during practice.

# CINCY FANS ARE READY TO CELEBRATE VICTORY

Cincinnati, Oct. 7.—All Cincinnati is getting ready to celebrate the expected victory of the Reds and there was a wild rush today to get tickets for this afternoon's contest. The sale opened last night and hundreds stood in line for hours waiting to purchase choice box and grand stand seats. If the Sox are victorious in today's contest, the teams will have to return to Chicago for the eighth game Thursday.

After yesterday's victory, Manager Gibson declared the Sox had at last hit their championship stride, and although beaten in four of the six games, were far from out of the race. The Sox seemed to be fired with a new fighting spirit which, they hoped, would turn the tide of defeat into victory.

Probably never before in the history of any world's series has identical scenes been viewed as those that greeted downtown workers on their way to business this morning. Long lines of men, women and children, stretched out at two places on the south side of Fountain square all intent on getting tickets for today's game. A block farther south at a principal hotel, another line made the corner and then bent southward towards the river, while at the ball park the grand stand reservations were sold from the main office and a still longer line was made there. At one stage it conflicted with the bleacher and pavilion line and its routing was immediately changed.

# SERIES RECEIPTS SET NEW HIGH RECORD

Cincinnati, Oct. 8.—All previous records for world's series receipts for a single game were shattered yesterday when \$2,006 persons paid \$10.17, to witness the sixth game, thus bringing receipts for the six games up to \$53,896. The new high mark in receipts was made possible by the charging of more money per seat than at any former series, the box seats selling for \$6 each.

The players' share in the receipts of the first five games only of the series and the following statistics show how the money for the five games is divided, the first column of figures showing attendance and the second receipts at each game:

First game.....	30,511	\$ 98,778.00

# VON DER GOLTZ SENDS BALTIC FORCE HOME

Copenhagen, Oct. 8.—The German government's appeal to General Von Der Goltz troops to withdraw from the Baltic provinces has proved successful, according to a Berlin dispatch received here Tuesday. The return of some of the troops began on Saturday, it is declared, and several transports bearing contingents of these troops homeward bound will leave shortly.

According to the Acht Uhr Blatt, most of the Von Der Goltz troops have declared themselves willing to return to Germany, only a small part of one division being undecided as to its attitude. The withdrawal, according to the same newspaper, is taking place under the command of General Von Der Goltz as General Sberhard, who was appointed recently by the government to take charge of the evacuation, has not yet arrived on the scene.

# BULGAR DENIES MANY SERBS DIED IN PRISON

Washington, Oct. 8.—Stjepan Penaret off, Bulgarian minister, in a statement today emphatically denied recent assertions of an interallied commission in Belgrade that 100,000 Serbians were interned in Bulgaria during the war and that one-half of those interned are believed to have perished.

The peace conference was informed in a memorandum presented last month, Minister Penaretoff said, that the total number of interned Serbians never exceeded 24,973 as shown by official registers and of these "some 5,449 died of various illnesses."

# DRY ENFORCEMENT ACT IS ADOPTED BY SENATE

Washington, Oct. 8.—The bill for enforcement of war time and constitutional prohibition was adopted today by the senate without discussion. It now goes to the house for final action.

Absence of debate on the measure occasioned much surprise.

Senator Sterling, Republican, South Dakota, called up the conference agreement and after a pause to learn if any discussion was desired, Vice President Marshall put the motion on adoption and it was carried viva voce without an audible vote.

# FRANCE DOESN'T WANT U. S. RAW MATERIALS

Cleveland, Oct. 8.—France does not need any raw material from America to rebuild her ruined towns, William G. Sharp, former American ambassador to that country, declared last night before the Cleveland chamber of industry. It would not pay to ship it, he said.

"We are not—not is any other nation—going to supply the material for rebuilding those ruined towns because they have the raw material they use, lathe and plaster, literally in their back yards," Mr. Sharp said. "They won't have outside material."

It is very early to expect any revival of our trade with France. It will take time for Europe to be open and receive our goods, and not until peace is signed, at least, not until every country has ratified the treaty, will trade routes be reopened.

# SMALL ADDRESS IS TO START AT 8 O'CLOCK

Chief among the speakers secured by the Ohio Anti-Saloon league in its campaign to keep Ohio dry, is Evangelist Sam Small, noted Southern orator and lecturer, who will speak in Newark tonight at 8 o'clock at the high school auditorium. The meeting is held under the auspices of the Licking County Dry Federation. Owing to the fact that some confusion has developed in the hour of the lecture, it was reiterated today that the meeting would open at 8 o'clock.

# LLOYD GEORGE TAKES WALLOP AT STRIKERS

London, Oct. 8.—Premier Lloyd-George surprised his countrymen, as he frequently does, by denouncing the railway men's strike as "Prussianism" and "another effort to hold up the community and strangle it into submission," at Lord Mayors' Mansion house luncheon in honor of Field Marshal Allenby yesterday.

The occasion was an unusual one for such a topic, but the premier has a habit of doing unusual things at unusual times.

The nation means to be master in her own house," Mr. Lloyd-George declared, "a just master, a fair master, a generous master, but always master in her own house."

This was naturally accepted as a proclamation of the premier's view that the government won a victory over the strikers.

J. P. Thomas, secretary of the National Union of Railway Men and leader of the recent strike, speaking at Albert Hall Sunday night dwelt upon the settlement as a compromise and yesterday issued a settlement appealing for reconciliation and a burial of hard feelings. Labor papers appear to differ with Mr. Thomas as to some aspects of the strike settlement.

## PREDICTS RAPID RECOVERY FROM WAR FOR FRANCE

John H. Patterson of Dayton Says French Already Are Busy.

Contrasts Conditions Today With Those After War With Prussia in 1870

John H. Patterson, President of the National Cash Register company, who has just returned from an extensive tour of France, England, Belgium and Germany, says that he found the general attitude of the people over there is to forget the war and get down to business. His conclusions are based on careful investigation of business and economic conditions in Europe.

During his trip, Mr. Patterson came in personal contact with many of the most influential business men on the continent, as well as leading government officials in the countries he visited. He returns feeling that in the League of Nations lies the only sure foundation for world peace and progress.

Mr. Patterson's study of conditions in Germany is especially interesting, as his party of business executives was the first, having large interests in Germany, to reach the German capital since the war.

"In France, for instance," said Mr. Patterson, "conditions were much better than we had expected to find them. We naturally looked for the horrible results of war immediately upon our arrival. We had forgotten that after all only about one-third of the country had actually been fought over."

"But as we passed from Havre to Paris, we saw the French people working in the fields harvesting the bountiful crops. And judging from the smoke stacks the manufacturing centers appeared to be getting back to normal conditions."

"In Paris it was encouraging to see the people actively and cheerfully going about their business. The streets were full of hustling crowds; the cafes and theaters well patronized."

"During the war our hotel had been used as a hospital but at the time we arrived no vestige of the hospital remained."

"How did the battle-areas appear?"

Mr. Patterson was asked.

"We spent two days visiting the devastated regions about Soissons, Chateau-Thierry and Belleau Wood," he said. "We saw the French people returning to their destroyed farms and reclaiming the waste lands. At many points they were rebuilding homes and other buildings."

"From what we saw throughout France it seems probable that this country will come back even quicker than she did after the Franco-Prussian War."

"Of course she has temporarily lost the productive power of her devastated regions but on the other hand she has gained Alsace-Lorraine and will receive indemnities this time instead of being forced to pay them."

"In addition from a business point of view, France has learned much from America. She has seen our methods of railroad construction and operation, she has seen American engineering feats which stagger the imagination, she has seen the advantage to be gained by the use of modern machinery. These things cannot but exert a far reaching influence upon the rapid expansion of French industry and commerce."

"We traveled from Paris to Berlin on military passes and the secretary of the Berlin Chamber of Commerce said that ours was the first party of American business executives having large interests in Germany to reach the capital. Going by the way of Cologne and Cologne, we noted that in both these cities retail business seemed to be good. Street cars and other means of transportation appeared to be normal."

"Nowhere in Germany did we find an expressed intention to evade payment of the indemnity. The Germans have always respected force and they realize that they must abide by the result of the struggle."

"Germany has been hard hit by the war. Her railroad systems and rolling stock have depreciated greatly. The value of the mark normally worth about twenty-three cents, has fallen below four cents in American money."

"The German war debt is of course tremendous—owed for the most part to her own people. The new government's system of taxation is falling most heavily upon the well-to-do classes and the

present government seems to have the support of the people. However the military party, although out of its uniform, is still a power not to be lost sight of. Bolshevism seems to be about over."

Mr. Patterson was asked what the Germans needed most to get back to normal conditions.

"The ratification of the peace treaty first of all," he said, "and a definite statement of the maximum amount of the indemnities they must pay. Until she knows this she will continue to pull a long face in order to secure the best possible terms."

"After that she will need food of which there is still a tremendous scarcity. Then she will need steam coal for her industries, she will need raw material such as wool, cotton, copper, oil, hides, etc., and she will need considerable credit."

"Most of us think of Belgium as a sort of No-Man's-Land, but as we passed through this sturdy little country, we were amazed to note the fine growing crops everywhere. Throughout the devastated portions of Belgium we found the same progress being made in reclaiming waste lands and rebuilding homes as we had found in France."

"Actually Belgium is almost on her feet again and although her industries are still in an unsettled condition, considerable progress is being made in rebuilding mills and factories and in recovering machinery transported by the Germans. Much more rapid progress will be made as soon as Belgium begins to receive her indemnity payments."

"When questioned as to what single phase of his trip had most impressed him as an American, Mr. Patterson answered: 'Everywhere we went in Europe we found the people basing their hope for the future upon America. They feel that only with the help of this country can their continued peace and prosperity be assured.'

"Morally we are obliged to do all we can to help Europe get upon her feet and in addition, the United States has a selfish interest in the rehabilitation of all European countries because our prosperity is interlinked with theirs—the bottom of all prosperity and civilization is peace—and the corner stone is the League of Nations."

"It is not perfect—this League of Nations—but it is the best we have yet, and we may never get even that if we continue to waste time talking about it. The same combination of international circumstances may never occur again—until all the world wars are over, and the enemy whipped and starved with no choice but to sign."

"Not a single one of the many prominent business men, military authorities and officials met in Europe has a word to say against the League and the League of Nations. Whenever the opportunity occurred they all urged me to use what influence I could when I returned to America to hasten their adoption."

"If the League of Nations does nothing else," said Mr. Patterson in conclusion, "it will furnish a moral code for nations. It will set up international commandments, even were no military force provided to enforce its rulings."

"The present League of Nations is the only hope for discouraging war and maintaining peace in the future. Under the League of Nations, war will be a world wide outlaw."

**SOLDIER-PRIEST NOT DEAD; BROTHER DIES**

Following inquiry concerning the reported death of Rev. Father Paul Perigord, who toured the country for the Liberty Loan drive, it was learned today that it was the soldier priest's brother who was killed.

The story of the death was received in Zanesville and stated that it was Lieutenant Paul Perigord, the French priest, who toured the country for the United States government. The inquiry developed that it was Rev. Jules Perigord, of Stillwater, Minn., and a brother of Father Paul Perigord, and that he was killed in an automobile accident at Bald Eagle, Minn.

## AMERICANIZATION.

Every community, and that means Newark, should have some organization to carry on this work. There should be a list of every adult alien or other non-English speaking resident, and steps should be taken to see that every one is availing himself of opportunities offered.

And such attendance should not be voluntary. Children are required by law to attend school. Why should not non-English speakers be under similar compulsion, except in special cases where they may be excusable? It seems preposterous to make great sacrifices to have children attend school, while the education of adults proceed in so irregular and inefficient a manner.

A church that was conducting an efficient Americanization class would not find the men of the community complaining that it was asleep. It would find it easier to obtain financial support if it was carrying on such a line of work. Women's clubs that have been spending most of their time in discussion and literary study, would find that this kind of work for the community brings greater rewards than any mere talk.

The public night schools would have done far better work if the tax payers had given them decent support. But many towns that give hundreds of thousands for the education of the children, will hardly give a dollar to lift up the alien and give him a chance. People should know better now, and should see that liberal money spent in this work may save some far more costly disaster later on.

Some of the best Americans in this country are aliens. They love the country, because it has given them freedom from oppression and a chance in life. All they ask is a little help to learn American speech. In return for this help they will give everlasting gratitude and friendship.

A delegate to the national convention of retail clothiers declared that men would not pay \$75.00 for a business suit. They need not pay half that for a good one if they read regularly the advertisements in the Advocate.

The people who allow dirty heaps of garbage and other refuse to gather about their places, will be the same ones who make the most complaint if an influenza epidemic breaks out this fall.

Complaint is made of the filthy condition of paper money, but it does not remain long enough in most people's pockets so they are exposed to much danger of contagion.

A lot of people think the world has gone crazy, but most folks have lucid moments three times a day at meal time.

## INTERNATIONALISM.

To some people an anniversary like July Fourth means little. They feel that their advanced mentality has passed on to a higher ideal than patriotism. They are internationalists. They owe allegiance merely to the brotherhood of man, not to the mere artificial lines that divide states and countries. This is a tendency that rarely produces practical usefulness. The man who cares nothing for the advancement of his home community, is rarely one who ever does anything for any wider relation. And the man who works hardest for his home town, can be best depended upon for patriotic loyalty, sense. And as the man who is indifferent to the country that nurtured him, is indifferent in any broader sense. And so the man who is indifferent to the country that nurtured him and protected him and given him his chance in life, is rarely loyal to any other useful ideal.

The man who is too broad to work for his country, allows his sentiment to fade away in a mush of sentimentalism. One must concentrate his attachments and his efforts and energies to some definite cause, in order to have it amount to anything. The man who denies any feeling of loyalty to his country shows a yellow ingratitude. His country has given him the institutions of liberty, the chance to create his own career, free from the dictation of autocratic power. It has given him the free education that in other lands may be inaccessible. It has offered him rewards to his ambition if he will avail himself of opportunities.

Yet the Internationalist recognizes that these benefits confer no reciprocal obligation. He is like the man who disregards all the loving devotion of a tender mother, and wanders away into the wide world indifferent to her yearning affection.

## SCHOOL ENROLLMENT LARGEST IN 12 YEARS

Other members in attendance were J. M. Mitchell, Ben Montgomery, S. W. Haight and Dr. Clark B. Hatch. Only routine business was transacted and after the allowance of bills Superintendent O. J. Barnes reported that the first month's enrollment of pupils proved to be the largest within the last 12 years, that it also showed the least tardiness and the greatest increase in numbers.

An entrance fee of 50 cents will be charged for each entry and only members of the association are eligible. The morning will be devoted to the entering of dogs and a business meeting and the afternoon will be given over to judging and a free-roval dog race which promises to furnish some exciting sport. In the evening a number of fox chases at various places will be arranged and the general public is invited. A number of Licking county dogs will be entered and hound owners from all over the county will attend. Parnell McKinney of this city is a member of the district committee under whose auspices the meeting is given.

## NEWARK PEOPLE HEAR PRES DE VALERA SPEAK

A large party of those interested in the case of Ireland went to Columbus today to hear Eamon De Valera, president of the Irish Republic. De Valera was scheduled to arrive in Columbus at 2:30 o'clock, and will be met by a reception committee. He will be the guest at a public reception for three hours and will make two addresses this evening. At 8 o'clock he will speak at a theatre and at 9:15 at the Chamber of Commerce.

## FALLS FROM BUILDING ANKLES ARE SPRAINED

Fred Brown had both ankles badly sprained Tuesday evening when he attempted to climb over a wall at the rear of his home 75 1/2 East Main street. The coping gave way and he fell to the ground. Dr. W. E. Schronitz attended him and at noon today Brad's ambulance removed him to Dr. Baxter's office where an x-ray was taken.

## NO EARLY VOTE ON SHANTUNG CLAUSE

Washington, Oct. 8.—Hope of an early vote on the Shantung amendment to the peace treaty virtually was abandoned today. Senate leaders declaring that final action before next Wednesday was impossible. The Democrats undertook to obtain an agreement as to a time for the vote, but Senator Borah, Republican, Idaho, refused to join in. The absence of Senator Johnson, Republican, California, also was said by the Democrats to have been a factor.

## One of the Inspirations I Found in T. R.'s Life

By L. J. TABER, Ohio State Grange

THE THEORETICAL viewpoint never appealed to Theodore Roosevelt as did that which resulted from actual contact with human problems.

His appointments usually reflected this bias. At the time of the coal strikes of 1903, he determined upon a board of arbitration which would actually and fairly arbitrate. The operators and the miners had jointly decided that the commission should comprise an army or navy engineer, a mining engineer, a United States judge, a sociologist, and a coal operator.

The sociologist presented a puzzle. Who would come under that head? It didn't appeal to the President to put on so practical a commission a mere theorist or doctrinaire. So he adopted a definition of his own, and laid his hand at once upon the man he believed it best fitted.

"If you wed one," said Mr. Clark, "You'll find a brunette's Ways are dark."

Did You Know  
That the decimal system, which was introduced into Europe from the east, was first employed by Spaniards? It was transmitted from them to the French and Germans, through them its use was extended over Europe. The decimal system, having only nine symbols, called the nine digits, adopts the principle of giving to each symbol, or figure, two values, one the absolute value, and the other a value depending on its position. The Arabic numerals are supposed to be of Indian origin and are thought to have been invented by the Brahmins sometime B. C.

Short addresses will be given by Miss Mildred Conaway, John Scott, Miss Hazel McDonald of Zanesville, and Herman Dickerson of Newark.

William D. McGee, president of the Zanesville district Epworth league, will preside. Supper will be served at the church at 6 o'clock for the delegates.

### Our Boys and Girls

The child who is to be taught self-grooming must be provided with the where-withall for the same. Every child should have its own toilet belongings, such as personal towels, soap, wash cloth and toothbrush. The pride in ownership will be a big step toward the intention to use these things.

Do not expect a small child to use an ordinary wash stand or bath toilet basin designed for adults. If it is impossible to give the child a special low wash stand, have a small white stool in front of the wash-basin. Any little three-legged stool, white enameled, will answer and it may be kept under at one side of the basin.

By the means of this stool the child can be taught to lean over and bathe the face and hands and brush the teeth with ease. When there are two or more children the tooth brushes should be marked in some way that no mistake may be made, and even a mere babe should be trained to a finicky fastidiousness about the personal toothbrush.

### Milady's Boudoir

A local treatment for the complexion which is very good is the chamomile treatment. The woman who motors much is advised to give her skin this treatment. The skin is washed with a hot towel and is then covered with real cream though cold cream may be used if it is more convenient, or any good cleansing cream. This is spread upon the face and, while moist, it is rubbed in and then off with a prepared chamomile leather.

To prepare the leather take a strip of chamomile about eight inches wide and eighteen inches long. Wet it well with warm water, wring it out and, while it is still moist, rub soap into it, using the best toilet variety. Rub the whole chamomile well with the soap until it is all lathered, then hang it up to dry, when it will emerge soft and fine and ready for use upon the skin.

The way to polish the face with the chamomile leather resembles the polishing of a shoe. The chamomile is taken by the ends and see-sawed across the face, using as much force as possible. By this vigorous exercise the skin is made fine, clean and soft.

A powerful factor in treating the complexion is the wearing of the collar. If it is worn loose the face skin will be much leaver. A tight collar will make the veins of the neck swell and willadden the nose. Sometimes the mere loosening of the collar will change a poor skin into a clear one.

A remedy that is severe but effective in certain cases of dust covered complexions consists of a cut lime, squeezed into half a cup of water. Half a teaspoon of borax is added to this, and the whole is rubbed upon the face. It is mopped off immediately with the softest of cold cream.

### Every Day Etiquette

"How shall I send a gift to a new baby and when can I call to see it?" asked Ethel.

"Gifts to a young baby should be sent to the child's home, and addressed to the child in the parents care. Three weeks is the right time to make a call on the baby," answered her young married friend.

## FAMO Makes Women's Hair Grow Luxuriantly

Beautiful, healthy, lustrous new hair comes to the head on which FAMO is used regularly.

Women have reported to us that their hair grew as much as four to six inches after faithful and conscientious use of FAMO, which is the one hair preparation which can be used daily with beneficial results.

It also grows men's hair, even where baldness is beginning to appear. Unless the hair roots are absolutely dead, FAMO will grow hair.

FAMO grows new hair because it destroys the seborrhea germ which is killing the hair.

The seborrhea bacilli go down into the glands and attack the hair roots. Unless they are destroyed they will eventually kill the hair.

With the germ at work the hair is fighting for its life.

Nature fights against disease. But it cannot conquer alone. FAMO will give the necessary aid to assure a healthy scalp.

FAMO will destroy the dandruff bacilli and make the hair grow luxuriantly.

It stops all itching of the scalp. FAMO is the result of three years of scientific experimentation in one of the recognized pharmaceutical laboratories of Detroit.

Its ingredients have been well known to physicians for years but have never before been used on the head.

FAMO has accomplished wonderful results. Every member of the family should use it regularly. It contains no alcohol.

FAMO is sold at all toilet goods counters and applications may be had at the better barber shops and hair dressing establishments.

It comes in two sizes—a small size at 35 cents and an extra large bottle at \$1. Your money will be refunded if you are not satisfied.

Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrhea secretion forms a scale or flakes and is commonly known as dandruff.

## GETS 28 EGGS A DAY NOW, FROM 34 HENS

Chas. C. White, Well-Known Breeder, Tells How. Costs Nothing to Try.

"I gave Don Sung to 34 utility Buff Orpingtons and in 28 days the egg yield increased from 7 to 28 a day. Don Sung is a wonder and I am now giving it to all my hens regularly."—Chas. C. White, Manager Cherry Hill Farm, Pluckville, Ind.

Mr. White is the well-known breeder and exhibitor. He wrote the above letter in December, after his test had shown a gain of 21 eggs a day from 34 hens. We will make you the same offer we made him. Here it is:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dunbar Co., 284 Columbia Bldg., Indianapolis, Ind.

### AUDITORIUM

"Scandal" Tonight.  
Undoubtedly the theatrical event of many years in this city will be the appearance at the Auditorium tonight for one performance of Cosmo Hamilton's brilliant and daring comedy, "Scandal," which comes here direct from a sensational run of seven full months at the Garrick Theatre, Chicago. No play of recent years has made such a solid hit and played to its many people during a like period as has "Scandal," which could have continued on indefinitely in Chicago, but for the fact that the Messrs. Shubert, Managers of the Garrick Theatre, have made contracts for the appearance of other attractions, thereby bringing to an untimely termination the run of this play.

"Scandal" was produced by Walter East of New York and London, who has to his credit the bringing out of such successful plays as "The Blindness of Virtue," also of Cosmo Hamilton's pen, and "Bunny Pulls the Strings," and many other successes. With the intimate knowledge thousands of readers have of Mr. Hamilton's "Scandal" in book form, it can be safely said that the work has lost none of its charm and interest in the dramatization.

A PETTY LOVE SCENE FROM THE AUDACIOUSLY SATIRICAL COMEDY, "SCANDAL," AUDITORIUM TONIGHT.

During the publication of this story as a serial in a monthly magazine, it was without a doubt the most talked of story written in years, and the affairs of Beatrice Vanderyke, her ambitions and her varied experiences ranging from midnight visits to an artist's studio to her alleged marriage to Pelham Franklin, furnish enough fun and dash to interest the most exacting audience.

The cast of players has been personally selected by Walter East, and will include many names familiar to the patrons. Seats now selling.

**Her Kingdom of Dreams.**  
Manager Fenberg offers for the three days commencing tomorrow at the Auditorium, Anita Stewart in her best play, "Her Kingdom of Dreams," a picture with the greatest cast ever offered. The story is as follows:

With her ideas of the great, far-away cities as beautiful and wonderful as the blue-ringed mountains and loving environment which surrounded her home, Judith Rutledge lives with her invalid father in a little western town.

The tranquility of a cheerful, cheery blossom day is suddenly broken when Judith receives a letter from New York advising her that a position as stenographer in the firm of Warren & Co., is awaiting her in that wonder city. Judith is soon enroute to "her kingdom of dreams."

Beginning as a stenographer, Judith rises to the place of private secretary to the elderly Mr. Warren, and the only person whom he can trust because his family affairs are decidedly unhappy and unwholesome. Of his two sons and a daughter, the girl has contracted an unhappy marriage, one son has been killed in an automobile wreck, and Warren believes his other son, who has forged a \$10,000 check in order to buy diamonds for the rather questionable Carlotta Stanmore.

In the heat of a violent argument with Fred, the elderly Warren is stricken with apoplexy. On his death bed, he makes a final request for his daughter, Judith. The ceremony is carried out just before Warren learns from a devoted servant that it was Carlotta and not Fred, who forged the check. The old man dies before he can write another will. His original testament which is read a few days later, bequeathes all his property to Judith, who, stung by the slander of other women who brand her as an embezzler, immediately signs over the entire estate to her husband.

Mutual attempts on the part of Fred and Judith to keep from loving each other are of no avail. However, neither makes any advances until, several weeks after they have moved into a home of their own, Fred begins to bring Judith presents. At the same time she is becoming terribly jealous of him because other women are continually calling for him over the telephone.

Disregarding Judith's advice, Fred forms a partnership with J. Wellington Yarnell, supposedly a lumber king, but in reality a crook who previously sold the tract of land, of which he claims to be owner, from Robert Langley. Yarnell later swindled Langley out of his property, by having thugs strip him of the papers of possession.

She learns from Tom Langley the he is now in possession of the paper which will give his father undisputed right to the Waupeegee tract. She further finds out that he is going to the city to wreak an unmerciful vengeance on Fred and Yarnell.

A telegram from Judith to Fred warning him of the coming of the enraged Tom Langley is intercepted by Carlotta, who in turn sells the telegram to Yarnell.

Langley arrives at Fred's New York office just ahead of Judith. Fred learns from Langley that Judith knew of Langley's decision to avenge his swindled father. He tears a desk photograph of Judith to bits, and accuses her of betraying him when he needed her most.

An explanation by a faithful butler, the discovery of Carlotta in the act of taking the forged check from the wall safe in the Warren home, and the knowledge that Carlotta stole Judith's telegram serves to end the story with Fred and Judith as man and wife, in spirit, as well as in name.

"The Lady in Red."  
John P. Slocum will present "The Lady in Red," the lively and melodious

ly musical comedy at the Auditorium on next Monday.

This rollicking and jovial musical comedy ran all last season at the Lyric theatre, New York, and, according to critical opinion, it has effectiveness, gaiety and sparkle, that it moves unflaggingly and flows melodiously. The book and lyrics were provided by Ann Caldwell who wrote "Chin Chin" for Montgomery & Stone, "Jack o' Lantern" for Fred Stone, and "She's a Good Fellow" for Charles Dillingham. The melodies composed by Robert Winterberg are said to be the jingling, toe-tapping kind that linger long in the memory. "The Lady in Red" was staged by Edward Clark, who also wrote and staged "Oh, What a Girl," "De Luxe Annie," "You're in Love" and many other successful plays and musical pieces. The story of this musical comedy concerns a wealthy young artist, who, lounging on the sands of Palm Beach, while half awake, glimpses a superb creature, whom he takes to be a figment of his dreams. He is enraptured with his recollection and paints his masterpiece with the "Dream" as a subject, and so fervently has her face burned itself into his memory, that it reappears faithfully, not forgetting the figure, in the painting which eventually wins first prize in an exhibition in New York. The horror of the heroine when she finds herself in the picture, which is the sensation of the day because of the frankness of the painting, and the bewilderment of the artist in seeing her in reality before him, was the clash of interest from which spring many romantic situations interspersed with comedy provided by other characters. A brilliant company of artists have been brought together for the presentation of this musical comedy, headed by Arthur Deagan, and embellished with a Gorgeous Garden of Glorious Girls. Mail orders now, seats ready Friday.

**ALHAMBRA.**  
"Broken Commandments."  
The story of "Broken Commandments," a new Wm. Fox play for Gladys Brockwell, presents the novel idea of a man throwing dice three times for possession of a girl—and finally throwing with loaded dice in order to lose, because he realizes this will be for her good. It is said to be a tremendously forceful story of three human hearts—a new phase of the old triangle—love and hate, and are soothed at last by the consecrating oil of self-sacrifice. In the hands of Gladys Brockwell and an unusually good cast, including Wm. Scott and Thomas Santschi, this play promises to be one of the strongest that has come to the Alhambra theatre, where it appears today and tomorrow.

**"Leave It to Susan."**  
Certainly Madge Kennedy's new Goldwyn picture, "Leave It to Susan," which comes to the Alhambra theatre beginning Friday, is not short of novelties. The pliant comedienne is seen wandering over the American desert, having been left behind when her train returned to the mad house in the second act and sagebrush until long after midnight and at last finds refuge in a lonely shack. She is joined by a young man whom she vaguely remembers having seen on the train and his promise of protection does a great deal to reassure Susan. Soon, however, a quartet of hold-up men appear. Susan recognizes them as the fellows who robbed the train. At once her protector changes his tactics and becomes one of them, apparently.

**GRAND.**  
Last showing tonight of one of the best film stories of its kind ever shown here. The title of the bill is, "The Mysterious Mr. Browning." In addition will be shown Kingograms, a pictorial series of the world's happenings, and Bobby Vernon is appearing in a Christie comedy, "Here Comes the Groom." One-half the world never knows how

the other half lives. However, in the play success, "The Mysterious Mr. Browning," some of the secrets of the underworld are exposed. Walter Miller, who plays a dual part in this picture, leads his audience through the underworld in search of his brother.

The pleasing manner in which the Hal Hoyt's Geo. Whiz-Revue company is presenting their sketches this week, at the Lyric, is causing the patronage to stick right up to top notch. Again last night the theatre had a capacity crowd for the first show, and a comfortably filled house at the second performance.

**LAST NIGHT'S SHOW.**  
The musical comedy, "Miss Blue Eyes," was the attraction at the Auditorium theatre last evening, pleasing a fairly filled house. The music was catchy and there was quite a little breezy comedy, not of the vulgar kind, running throughout the play.

Miss Centes Jensen in the title role had an agreeable voice for her song numbers but it was not strong. Her work at the mad house in the second act where she imbibed too many Honey-suckle cocktails, was quite clever. The eccentric dancing by Bob Jackson

rich was most acceptable and was heartily endorsed. Toots Kemp as Sylvia Pennywise, late of the "Polles," was delightful throughout the three acts. The two comedians of the play, Archie Foulk and Peter MacArthur as John D. Widgast and Chas. R. Pidgeon, divorce lawyers, ably assisted by Clyde Long as Tyrus Trotman, chief of police, furnished the laughs and kept the audience in a most excellent humor.

The chorus members displayed some nifty gowns but the girls and boys could improve in chorus work by putting more pep into their words and actions.

**Chicago Grain Review.**  
Chicago, Oct. 8.—Predictions of widespread rains affected the corn market today after some show of weakness at the outset. Opening prices, which ranged from half a cent lower to a like advance, with December 1.22 1/2 to 1.22 7/8 and May 1.21 1/4 to 1.21 1/2, were followed by a moderate general decline and the rally that carried December and May to well above yesterday's finish.  
Oats displayed independent firmness. After opening unchanged to 3/8 higher, including December at 70 1/2 to 70 5/8, the market scored a general upturn.  
Lower quotations on hogs weakened provisions.

**Wall Street.**  
New York, Oct. 8.—Trading at the outset of today's stock market lacked the spectacular features of the preceding session, even the more speculative issues making only moderate gains with standard shares. Before the close of the first half hour, however, pool operations in numerous specialties were again under way, at gains of 1 to 6 points. Leaders of the movement included National Biscuit, American Woolen, Worthington Pump, Texas company, Pan-American Petroleum, Studebaker, Key-Springfield Tire, Central Leather, Industrial Alcohol and American Sugar. Leading shipplings and the more active rails, notably Reading and Texas and Pacific, also improved.  
Trading became for professional as the session progressed, activity continuing to center in speculative stocks. Motors and allied shares, also oil, leather and food issues, ended their gains with equipments, notably Baldwin Locomotive and Harvester, American Woolen, American Can, and active specialties such as lined and Barrett company were exceptionally strong at gains of 2 to 10 points. Rallies and steels and coppers and a stronger tone for shipping carried average prices to high levels at noon although the 9 percent money rate caused some slackening of activity.

your stomach and stomach to take. Use  
AMBI-AMBITION—the new pleasant  
effervescent preparation that taste so  
good and act so quickly. Purify your  
blood, drive the dangerous uric acid  
poison right out of your system and  
you'll feel better right away.

Go to T. J. Evans today and get a  
bottle of AMBI-AMBITION for fifty  
cents. If it doesn't do all we claim  
for it your money back on the first  
bottle purchased. Take it for indiges-  
tion, biliousness, acid stomach, head-  
ache, constipation, rheumatism, gout,  
liver and kidney trouble. Get your  
whole system working right and be 100  
per cent efficient.

## HAGER TO COACH B. & O. GRIDDERS

Crack Local Player, Just  
Back From Army Service  
Joins Railroaders' Team  
as Player and Instructor.

Claude Hager, maker of Newark  
football history, who has just returned  
from France, where he assisted divers  
other Yanks in making a little world  
military history, has been signed as  
coach for Murray's B. & O. football  
team and will appear in the lineup Sun-  
day. This announcement was made  
Wednesday by Manager Murray.  
Hager has been employed in Akron  
but has returned to Newark and reached

CLAUDE HAGER.

a satisfactory agreement with the B  
and O aggregation last night.

Hager played with the McDaniels  
team for several seasons and was one of  
the best line plungers possessed by that  
team when it was kicking up the platter  
in Central Ohio.

Hager's first appearance with the  
Newark team will be against the Lin-  
den Whistles, Sunday. Contract for  
this game was closed last night and ar-  
rangements for the contest completed.

This team comes highly touted by foot-  
ball followers. The manager of the  
Grove City team which played here last  
Sunday praised the Columbus squad for  
speed and aggressiveness.

**AIR FLEET**

(Continued From Page 1)  
velt Field by 9:50 a. m., maintaining a  
speed of 150 miles an hour.

An eleventh machine, number 35,  
piloted by Lieutenant George C. Mc-  
Donald, was forced to return as a re-  
sult of engine trouble after going a  
short distance. McDonald expected to  
make a fresh start later in the day.

Because of the fine flying condition  
army officials predicted many of the  
contestants would reach Cleveland by  
nightfall.

Ten different types of machines were  
represented in the entries and some of  
them had seen active service on the  
battle front. Three of the planes en-  
tered are German Ploker machines  
captured almost intact on the western  
front. French, British and Italian ma-  
chines also are entered.

Most of the American entries are  
equipped with the famous Liberty  
motors developed by America during  
the war and the race will afford a  
good opportunity to test its quality  
against the best types of foreign makes.

Although prices totaling \$65,000 have  
been offered by the American Flying  
Club and private individuals for the  
winners of the contest, Major General  
Charles T. Menoher, chief of the army  
air service has ruled that they could  
not be accepted.

He announced, however, that there  
would be ratings for three competi-  
tions each day. These include a time  
competition for the pilot crossing the  
continent in the shortest time, in re-  
spective of stops and actual flying time,  
a speed contest for the pilot making  
the trip in shortest flying time, and a  
handicap competition based on actual  
flying time but with each class or type  
of machine to be given a handicap per-  
centage based upon its reputed speed  
as computed by the technical section  
in its official tests. Under the rules of  
the contest there is to be no flying be-  
tween sunset and sunrise, on Sundays  
or on bad weather days. Each of the last  
three will be required to stop at least 30  
minutes at each of the 20 intermediate  
stops. Aviators remaining more than  
48 hours at one station unless held  
there by the weather are to be disquali-  
fied. No time will be taken out for  
forced landings.

The route is approximately 2700 miles  
in length one way. The official stops  
in Ohio are Cleveland and Bryan.

today, the first aviator to reach this  
resting point in the race from San  
Francisco to Mineola, N. Y., others ar-  
rived at intervals of a few minutes.

**TWO PASS RENO.**  
Reno, Nev., Oct. 8.—Flying low and  
close together, two of the airplanes in  
the transcontinental test flight passed  
over Reno at 9:10 o'clock this morning,  
after making a successful trip over the  
Sierra Nevada mountains from  
Mather Field, Sacramento. They

**BOMB EXPLODES**

(Continued From Page 1)  
of the trouble at Gay was fomented by  
radicals.

Martial law at Indiana Harbor and  
East Chicago, Indiana, maintained per-  
fect order. Except for the gradual im-  
provement reported in the industrial situ-  
ation there were no marked changes at  
any of the other numerous points in-  
cluded in the Chicago districts.

**WARREN PLANT MAY  
RE-OPEN IN FEW DAYS**

Youngstown, Oct. 8.—Negotiations be-  
tween union leaders and officials of the  
Trumbull steel company at Warren, near  
here, led to a statement today at  
strike headquarters that an agreement  
with the company to permit re-opening  
is expected soon. Negotiations were  
taken up at the request of town. The  
Associated Association of Iron, Steel and  
Tin Workers it was stated, who have an  
agreement with the company and want  
to effect an agreement for the rest of  
the employees so that they can go to  
work.

**FINLANDERS CHASED  
FROM W. VA. TOWN**

Werton, W. Va., Oct. 8.—The mill  
town was quiet today after yesterday's  
demonstration when 186 Finlanders  
alleged to be members of the I. W. W.  
were made to kiss the American flag  
and were then chased out of town. The  
few Finlanders who were not rounded  
up after their names were found on  
cards which they had signed, when an  
old barn was raided by a platoon of 24  
police, were preparing to leave the  
town today, after the announcement  
of a mill official that the Werton steel  
company would employ no more Finlanders.

Attorney John Gardner, former prose-  
cutor of Jefferson county, Ohio, was  
called upon by the local branch of the  
Allied mills company to go to Werton  
to investigate alleged charges that work-  
men who had refused to go back to work  
in the Werton steel company's mills there,  
had been beaten and driven from their  
homes, yesterday. The Werton mills were  
reported working good this morning,  
having resumed operations the first of  
this week after being idle one week.

**TROOPERS ARE ARMED  
RIFLES; CARS GUARDED**

Buffalo, Oct. 8.—State troopers armed  
with rifles patrolled the streets of  
Lackawanna this morning. It was the  
first time since being assigned to duty  
in the strike area that the constabulary  
had carried arms other than clubs and  
revolvers.

Trains and street cars carrying work-  
men to Buffalo were under armed  
guards. There was no attempt today  
to renew the attacks on trolley cars  
carrying workmen, which yesterday  
resulted in the wounding of two men  
and the injury of several more. There  
was evidence of increasing activity in  
the plant of the Lackawanna Steel  
company. No statement as to num-  
ber of men who were forthcoming from  
company officials.

Members of the state police estimated  
that 1200 men passed through the gates  
this morning. About 6,000 men were  
employed when the strike was declared  
nightfall.

**BECOMES MEMBER OF  
C. OF C. RIGHT OFF BAT**

S. A. Wagner, of Columbus, has  
moved to Newark and will engage in  
business here. Mr. Wagner will con-  
duct a tire shop in West Main street.

On his arrival in the city his first  
effort was to secure a membership in  
the Chamber of Commerce, stating he  
"was henceforth a booster for Newark."

**C. OF C. MEMBERS  
ARE PAYING DUES**

The Chamber of Commerce has been  
sending out semi-annual statements  
this week.

An unusual rapid response has been  
made and many checks paying for the  
memberships have been received.

**TEST NERV-WORTH  
WITHOUT TAKING  
ONE CENT OF RISK**

That's What J. C. Hizer Did When  
He Bought the First  
Bottle.

That's what the reader can do. Every  
Nerv-Worth ad says "Your dollar  
back if this famous Nerv-Worth does  
not benefit you." Mr. Hizer said:  
"Before I purchased a bottle of Nerv-  
Worth from you I was in a bad nerv-  
ous condition. Could not digest or as-  
similate my food and was becoming  
weak and very nervous. After eat-  
ing my heart would flutter and in  
termit and I became very much  
alarmed. For a year I subsisted on  
soup. Could not eat anything else. Gas  
formed in my stomach and I would  
blow back and my stomach was sore  
and painful. Many nights could not  
sleep but lay awake all night. Had  
severe headaches and rheumatic pains  
in legs and arms. Now after using  
three bottles of Nerv-Worth I am rid-  
ing of all the ailments mentioned and  
regain my strength and vigor. The  
doctors failed to help me in the least.  
I am thankful that I tried Nerv-Worth  
as it brought relief right from the start."  
"J. C. HIZER."  
"224 N. Robert Boulevard, Dayton."

## CHILLICOTHE MAN DECLARED "ALL MY RHEUMATISM GONE"

Suffered for Years With Pains in His  
Joints, Muscles and Limbs; So Nerv-  
ous a Sharp Noise Would Give  
Him a Shock.

Declares the New Root and Herb Rem-  
edy Dreco Gave Quick Relief.

"I have had more ease the past week  
than I have known in years," are the  
words of that well known carpenter,  
Mr. J. Dellenbaugh, of 428 N. High  
St., Chillicothe, O.

"My hands were so sore and fingers  
drawn up so bad that I could hardly  
pick up a board. My back was so stiff  
I could not bend about without severe  
pains. Every joint in my body was af-  
fected. I believe and my muscles got  
hard and very painful. I became ex-  
tremely nervous so that any noise near  
me seemed to shock my whole system  
and I could sleep but very little.

"I had taken so much strong medi-  
cine for rheumatism that my stomach  
was all to pieces and my food would  
not digest but lay heavy in my stomach  
and filled me with sour gas; my bowels  
were bound up most of the time.

"It is marvelous how quick Dreco  
gave me relief; the pains are all gone  
from muscles and joints, so that I  
bend and stoop about and never have a  
pain. My bowels act regularly, I  
sleep fine every night and my stomach  
is strengthened again. Dreco is by far  
the best medicine I ever took and I  
strongly recommend it.

Dreco is composed of the juices and  
extracts of many different roots, herbs,  
barks and leaves, which act on the  
stomach, kidneys, liver and bowels and  
purify the blood. It relieves constipa-  
tion, prevents gas forming in the  
stomach, increases the appetite, insures  
sound, refreshing sleep, banishes car-  
cach of the head and takes the pain out  
of rheumatic joints.

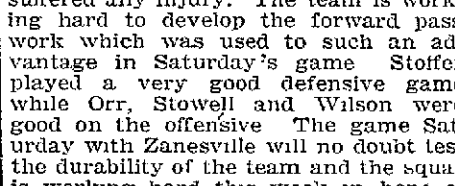

All good druggists now sell Dreco and  
it is highly recommended in Newark  
Evans' Cut Rate Drug Store.

**HIGH GRID SQUAD  
IS IN GOOD SHAPE**

Last night's scrimmage proved that  
the high school football squad came  
out of Saturday's game without having  
suffered any injury. The team is pass-  
ing word to develop the forward pass  
work which was used to such an ad-  
vantage in Saturday's game. Stoffer  
played a very good defensive game  
while Orr, Stowell and Wilson were  
good on the offensive. The game Sat-  
urday with Zanesville will no doubt test  
the durability of the team and the squad  
is working hard this week in hope of  
humbling the Zanesville boys.

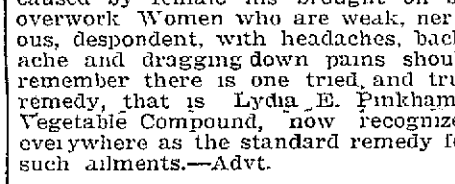

**WOMEN ARE CARELESS.**  
This has been proved over and over  
again during the war. They over-  
estimate their physical strength and  
overtax it. Their ambition is com-  
mendable, but does not compensate  
for the hours and days of misery  
which they suffer from symptoms  
caused by female ills brought on by  
overwork. Women who are weak, nerv-  
ous, despondent, with headaches, back  
ache and dragging down pains should  
remember there is one tried and true  
remedy, that is Lydia E. Pinkham's  
Vegetable Compound, now recognized  
everywhere as the standard remedy for  
such ailments.—Adv.

Sweet potatoes: Virginia east shore (branded) \$3.90@4 per barrel.

**Chicago Grain Review.**  
Chicago, Oct. 8.—Predictions of widespread rains affected the corn market today after some show of weakness at the outset. Opening prices, which ranged from a cent lower to 1¢ higher, advanced, with December 1.22 1/2 to 1.22 7/8 and May 1.21 1/4 to 1.21 1/2, were followed by a moderate general decline and the rally that carried December and May to well above yesterday's finish.

Oats displayed independent firmness. After opening unchanged to 3-8 higher, including December at 70 1/2 to 70 5/8, the market scored a general upturn.

Lower quotations on hogs weakened provisions.

**Wall Street.**  
New York, Oct. 8.—Trading at the outset of today's stock market lacked the spectacular features of the preceding session, even the more speculative issues making only moderate gains with standard shares. Before the end of the first half hour, however, pool operations in numerous specialties were again under way, at gains of 1 to 6 points. Leaders of the movement included National Biscuit, American Woolen, Worthington Pump, Texas company, Pan-American Petroleum, Studebaker, Keyway-Springfield Tire, Central Leather, Industrial Alcohol and American Sugar. Leading shippers and the more active rails, notably Reading and Texas and Pacific, also improved.

Trading became for professional as the session progressed, activity continuing to center in speculative stocks. Motors and allied shares, also oil, leather and food issues, ended their gains with equipments, notably Baldwin Locomotive and Harvester, American Woolen, American Can, and active specialties such as Inland and Barrett company were exceptionally strong at gains of 2 to 10 points. Rallies and steels and coppers and a stronger tone for shippers carried average prices to high levels, if willing to qualify, write money rate caused some slackening of activity.

**HAGER TO COACH**  
**B. & O. GRIDDERS**  
Crack Local Player, Just Back From Army Service Joins Railroaders' Team as Player and Instructor.

Claude Hager, maker of Newark football history, who has just returned from France, where he assisted divers other Yanks in making a little world military history, has been signed as coach for Murray's B. and O. football team and will appear in the lineup Sunday. This announcement was made Wednesday by Manager Murray. Hager has been employed in Akron but has returned to Newark and reached

CLAUDE HAGER.

a satisfactory agreement with the B. and O. aggregation last night.

Hager played with the McDonalds team for several seasons and was one of the best line plungers possessed by that team when it was kicking up the platter in Central Ohio.

Hager's first appearance with the Newark team will be against the Linden Whistles, Sunday. Contract for this game was signed by the local managers for the contest completed. This team comes highly touted by football followers. The manager of the Grove City team which played here last Sunday praised the Columbus squad for speed and aggressiveness.

**AIR FLEET**

(Continued From Page 1)  
velt field by 9:50 a. m., maintaining a speed of 150 miles an hour.

An eleventh machine, number 35, piloted by Lieutenant George C. McDonald, was forced to return as a result of engine trouble after going a short distance. McDonald expected to make a fresh start later in the day.

Because of the "fine flying" condition army officials predicted many of the contestants would reach Cleveland by nightfall.

Ten different types of machines were represented in the entries and some of them had seen active service on the battle front. Three of the planes entered are German Fokker machines captured almost intact on the western front. French, British and Italian machines also are entered.

Most of the American entries are equipped with the famous Liberty motors developed by America during the war and the race will afford a good opportunity to test its quality against the best types of foreign machines.

Although prizes totalling \$50,000 had been offered by the American Flying Club and private individuals for the winners of the contest, Major General Charles T. Menoher, chief of the army air service has ruled that they could not be accepted.

He announced, however, that there would be ratings for three competitions each day. These include a time competition for the pilot crossing the continent in the shortest time, irrespective of stops and actual flying time; a speed contest for the pilot making the trip in shortest flying time, and a handicap competition based on actual flying time but with beer rollers or in bad weather. Each contestant will be required to stop at least 30 minutes at each of the 20 intermediate stops. Aviators remaining more than 48 hours at one station unless held there by the weather are to be disqualified. No time will be taken out for forced landings.

The route is approximately 2700 miles in length one way. The official stops in Ohio are Cleveland and Bryan.

**READY AT CLEVELAND.**  
Cleveland, Oct. 8.—Everything is in readiness here for the arrival of the transcontinental airplanes today. The flying fleet had been called out and marked in broad white bands which can be seen from a height of 10,000 feet.

**START FROM FRISCO.**  
San Francisco, Oct. 8.—Lieutenant J. P. Richter, piloting a DeHavilland airplane, with Lieutenant J. E. Patrick as observer, leaving the ground at 6:51 a. m. today was first of the western aviators to "hop off" in the 2700 mile race to Mineola, N. Y.

Cadet D. A. Dariff was second to take the air. He left at 6:52. His plane carried no observer. The first six machines took the air in less than five minutes and they were closely followed by three more.

**MAKES FAST TIME.**  
Sacramento, Calif., Oct. 8.—Lieutenant E. K. Kiel, piloting a DeHavilland airplane, and Sgt. H. H. Howard, pilot, Sacramento, 75 miles in 37 minutes elapsed time from San Francisco

today, the first aviator to reach this resting point in the race from San Francisco to Mineola, N. Y., others arrived at intervals of a few minutes.

**TWO PASS RENO.**  
Reno, Nev., Oct. 8.—Flying low and close together, two of the airplanes in the transcontinental flight passed over Reno at 9:10 o'clock this morning, after making a successful trip over the Sierra Nevada mountains from Mather field at Sacramento. They landed on a field four miles east of Reno.

**BOMB EXPLODES**

(Continued From Page 1)  
of the trouble at Gary was fomented by radicals.

Martial law at Indiana Harbor and East Chicago, Indiana, maintained perfect order. Except for the gradual improvement reported in the industrial situation there were no marked changes at any of the other numerous points included in the Chicago districts.

**WARREN PLANT MAY RE-OPEN IN FEW DAYS**

Youngstown, Oct. 8.—Negotiations between union leaders and officials of the Trumbull steel company at Warren, near here, led to a statement today at strike headquarters that an agreement with the company to permit re-opening is expected soon. Negotiations were taken up at the request of the Amalgamated Association of Iron, Steel and Tin Workers, it was stated, who have an agreement with the company and want to effect an agreement for the rest of the employees so that they can go to work.

**FINLANDERS CHASED FROM W. VA. TOWN**

Weirton, W. Va., Oct. 8.—The mill town was quiet today after yesterday's demonstration when 186 Finlanders alleged to be members of the I. W. W. were made to kiss the American flag and were then chased out of town. The few Finlanders who were not rounded up after their names were found on cards which they had signed, when an old barn was raided by a platoon of 24 police, were preparing to leave the town today after the announcement of a mill official that the Weirton steel company would employ no more Finlanders.

Attorney John Gardner, former prosecuting attorney of Jefferson county, Ohio, was engaged by the local branch of the Allied mills company to go to Weirton to investigate alleged charges that workmen who had refused to go back to work in the Weirton steel company's mills there, had been beaten and driven from their homes yesterday. The Weirton mills were reported working good this morning, having resumed operations the first of this week after being idle one week.

**TROOPERS ARE ARMED RIFLES; CARS GUARDED**

Buffalo, Oct. 8.—State troopers armed with rifles patrolled the streets of Lackawanna this morning. It was the first time since being assigned to duty in the strike area that the constabulary had carried arms other than clubs and revolvers.

Trains and street cars carrying workmen to Buffalo were under armed guards. There was no attempt today to renew the attacks on trolley cars carrying workmen which yesterday resulted in the wounding of two men and the injury of several more. There was evidence of increasing activity in the plant of the Lackawanna Steel company. No statement as to number of men at work was forthcoming from company officials.

Members of the state police estimated that 1200 men passed through the gates this morning. About 6,000 men were employed when the strike was declared.

**BECOMES MEMBER OF C. OF C. RIGHT OFF BAT**

S. A. Wagner, of Columbus, has moved to Newark and will engage in business here. Mr. Wagner will conduct a tire shop in West Main street.

On his arrival in the city his first effort was to secure a membership in the Chamber of Commerce stating he "was henceforth a booster for Newark."

**C. OF C. MEMBERS ARE PAYING DUES**

The Chamber of Commerce has been sending out semi-annual statements this week.

An unusual rapid response has been made and many checks paying for the memberships have been received.

**TEST NERV-WORTH WITHOUT TAKING ONE CENT OF RISK**

That's What J. C. Hizer Did When He Bought the First Bottle.

That's what the reader can do. Every Nerv-Worth says "Your dollar back if this famous tonic does not benefit you." Mr. Hizer said: "Before I purchased a bottle of Nerv-Worth from you I was in a bad nervous condition. I could not digest or assimilate my food and was becoming weak and very much run down. After eating my heart would flutter and I became very much alarmed. For a year I subsisted on soup, could not eat anything else. Gas formed in my stomach and I would bloat badly and my stomach was sore and painful. Many nights could not sleep but lay awake all night. Had severe headaches and rheumatic pains in legs and arms. After using three bottles of Nerv-Worth I am rid of all the ailments mentioned and am regaining my strength and vigor. The doctors failed to help me in the least. I am thankful that I tried Nerv-Worth as it brought relief right from the start. J. C. HIZER."

"224 N. Robert Boulevard, Dayton."

T. J. Evans sells Nerv-Worth in Newark. Neighborhood Nerv-Worth drug stores: The "U" Store, Howard's, Johnston's, Ullman's, Granville.

**CHILLICOTHE MAN DECLARED "ALL MY RHEUMATISM GONE"**

Suffered for Years With Pains in His Joints, Muscles and Limbs So Nervous a Sharp Noise Would Give Him a Shock.

Declares the New Root and Herb Remedy Drecto Gave Quick Relief.

"I have had more ease the past week than I have known in years," are the words of that well known carpenter, Mr. A. Deffenbaugh, of 428 N. High St., Chillicothe, O.

"My hands were so sore and fingers drawn up so bad that I could hardly pick up a board. My back was so stiff I could not bend about without severe pains. Every joint in my body was affected I believe and my muscles got hard and very painful. I became extremely nervous so that any noise near me seemed to shock my whole system and I could sleep but very little."

"I had taken so much strong medicine for rheumatism that my stomach was all to pieces and my food would not digest but laid heavy in my stomach and filled me with sour gas; my bowels were bound up most of the time."

"It is marvelous how quick Drecto gave me relief; the pains are all gone from muscles and joints, so that I bend and stoop about and never have a pain. My bowels act regularly; I sleep fine every night and my stomach is strengthened again. Drecto is by far the best medicine I ever took and I strongly recommend it."

Drecto is composed of the juices and extracts of many different roots, herbs, barks and leaves, which act on the stomach, kidneys, liver and bowels and purify the blood. It relieves constipation, prevents gas forming in the stomach, increases the appetite, insures sound, refreshing sleep, banishes catarrh of the head and takes the pain out of rheumatic joints.

All good druggists now sell Drecto and it is highly recommended in Newark Evans' Cut Rate Drug Store.

**HIGH GRID SQUAD IS IN GOOD SHAPE**

Last night's scrimmage proved that the high school football squad came out of Saturday's game without having suffered any injury. The team is working hard to develop the forward pass work which was used to such an advantage in Saturday's game. Stoffer played a very good defensive game while Orr, Stowell and Wilson were good on the offensive. The game Saturday with Zanesville will no doubt test the durability of the team and the squad is working hard this week in hope of humbling the Zanesville boys.

**WOMEN ARE CARELESS.**

This has been proved over and over again during the war. They overestimate their physical strength and overtax it. Their ambition is commendable, but does not compensate for the hours and days of misery which they suffer from symptoms caused by female ills brought on by overwork. Women who are weak, nervous, despondent, with headaches, backache and dragging-down pains should remember there is one tried and true remedy, that is Lydia E. Pinkham's Vegetable Compound, now recognized everywhere as the standard remedy for such ailments.—Adv.
